

ENGINEERING
THE **FUTURE**
TOGETHER

CADDVERSE TECHLABS

— CREATE BEYOND LIMITS —

MASTER. *The Concepts*

Strong concepts today,
strong foundation forever.

UPGRADE. *Your Skills*

Industry-focused training
that makes you future-ready.

BUILD. *Your Portfolio*

Live projects. Real experience.
Job-ready portfolio.

ACHIEVE. *Your Dreams*

From learner to professional
we build your success story.

LEARN • PRACTICE • INNOVATE

CADVERSE TECH LABS

— CREATE BEYOND LIMITS —

YOUR GATEWAY TO **EXCELLENCE** IN CAD EDUCATION

WHY CHOOSE US ?

EXPERT-LED LEARNING

Learn from industry experts with real-world experience.

INDUSTRY-CENTRIC CURRICULUM

Stay ahead with curriculum aligned to industry needs.

TAILORED LEARNING PATHWAYS

Customized courses designed to match your career goals.

CUTTING-EDGE INFRASTRUCTURE

State-of-the-art labs and tools for hands-on learning.

DEDICATED CAREER SUPPORT

End-to-end placement assistance to kickstart your career.

IN-DEMAND SKILLS FOR HIGH-GROWTH INDUSTRIES

Master skills that industry demands and values.

GOVERNMENT CERTIFICATION

NSDC & Skill India certified programs you can trust.

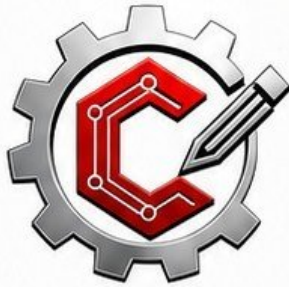

HOLISTIC DEVELOPMENT

Beyond technical skills – we focus on overall personality growth.

EMPOWERING MINDS.
DESIGNING FUTURES.
CREATING IMPACT.

CADDVERSE TECHLABS

— CREATE BEYOND LIMITS —

OUR MISSION

We Deliver Industry-relevant Education That Blends Technical Expertise & Soft Skills For Career-ready Professionals.

OUR VISION

To Be a Leading Institute in CAD Education, Empowering Students With Skills For Lasting Career Success.

WHY CHOOSE US?

ESTABLISHED IN 2014:

Launched with a core mission to bridge the talent gap through specialised skill development.

FULL-SPECTRUM SOLUTIONS:

Expanded into comprehensive services in 2018, evolving into a robust service-based organisation by 2019.

STRATEGIC CAREER SUPPORT:

Introduced dedicated placement assistance and campus hiring initiatives in 2022, maintaining a strong track record of student success.

END-TO-END PLACEMENT:

Edvercity is specialised in connecting talent with opportunity through campus hiring and career support.

NATIONAL IMPACT:

Proudly contributed to mission-critical defense projects utilised by DRDO and the Indian Army.

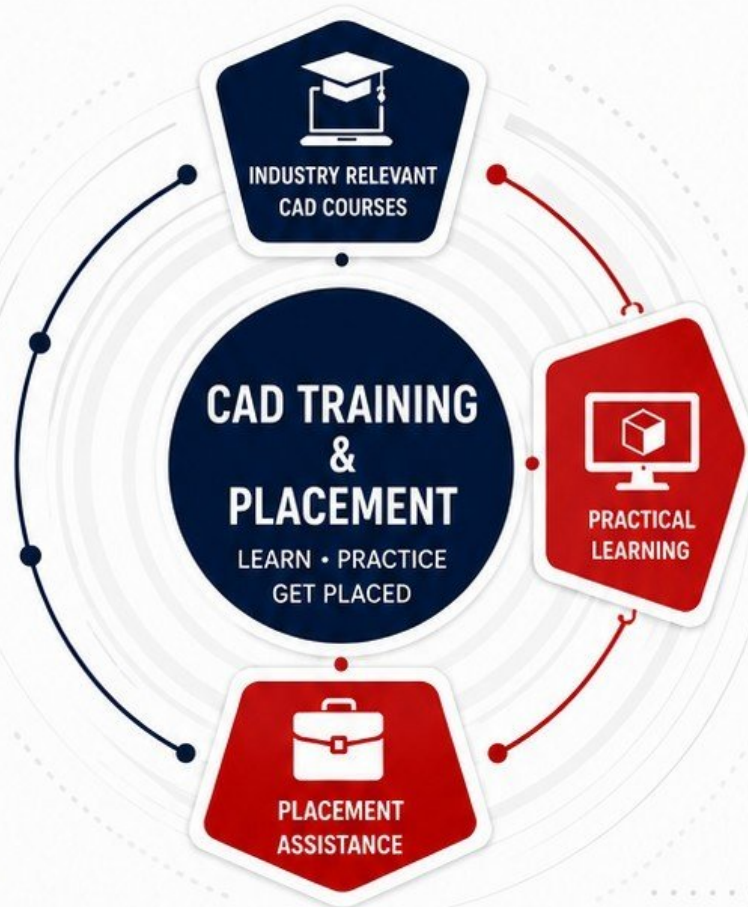

GLOBAL FOOTPRINT:

Delivering excellence to EdTech clients across India, the UK, the USA, Europe, and Southeast Asia.

GOVERNMENT-ALIGNED:

Working in close synergy with NSDC & Skill India to drive national skill development mandates.

FUTURE TOGETHER

INTERNSHIP DOMAINS

01

**PARAMETRIC MODELING &
ASSEMBLY OF A GEARBOX
USING SOLIDWORKS**

Create intelligent 3D models, define parameters, assemble components & generate detailed drawings.

**DESIGN & DRAFTING
OF A MULTI-STORY BUILDING
USING REVIT**

Develop architectural & structural models, create construction documents & visualize building information in BIM.

02

03

**ARCHITECTURAL FLOOR
PLAN DESIGN & VISUALIZATION
WITH AUTOCAD**

Prepare precise 2D floor plans, sections & elevations and enhance design visualization with realistic outputs.

**PRODUCT DESIGN &
RENDERING OF A CONSUMER
ELECTRONIC DEVICE**

Design 3D product models, apply materials, lighting & render photorealistic visualizations.

04

05

**REVERSE ENGINEERING
OF A MECHANICAL COMPONENT
USING CREO**

Recreate components from existing parts, generate CAD models & prepare for manufacturing.

**FINITE ELEMENT ANALYSIS
OF A SUSPENSION SYSTEM
USING ANSYS**

Perform structural analysis, evaluate stress, strain & deformation to ensure design reliability.

06

OUR ASSOCIATIONS & APPROVALS

CADDVERSE TECHLABS

— CREATE BEYOND LIMITS —

At CADDVERSE TECHLABS, we combine innovation, technology, and expertise to deliver world-class **engineering solutions** across a wide range of industries.

Industries **We Serve**

Delivering engineering excellence across diverse sectors and verticals

MANUFACTURING

- Industrial Plant Design
- Production Line Layouts
- Process Equipment Design
- Tooling & Fixture Design
- Reverse Engineering

AUTOMOTIVE

- Vehicle Component Design
- Body & Chassis Design
- Jig & Fixture Design
- Simulation & Analysis
- Prototyping Support

CONSTRUCTION

- Structural Design & Detailing
- 3D Modeling & BIM
- Quantity Estimation (BOQ)
- Construction Drawings
- Project Documentation

INFRASTRUCTURE

- Infrastructure Planning
- Road, Bridge & Tunnel Design
- Utility & Pipeline Layouts
- GIS Mapping & Surveying
- 3D Visualization

ARCHITECTURE

- Architectural 2D & 3D Design
- Interior Design & Detailing
- Rendering & Visualization
- Walkthrough & Animations
- BIM for Architecture

PRODUCT DEVELOPMENT

- Concept to Product Design
- 3D CAD Modeling
- Design Validation & Analysis
- Prototype Development
- DFM & Cost Optimization

EDUCATIONAL INSTITUTIONS

- CAD/CAM/CAE Training
- Industry-Oriented Curriculum
- Workshops & Seminars
- Campus to Corporate Programs
- Certification Courses

CORPORATE ORGANIZATIONS

- Design Outsourcing
- Drafting & Detailing Services
- Process Automation
- Technical Documentation
- Training & Skill Development
